Appreciation and Farewell to Mr. Koshiro Kitagawa

INSIDE THIS EDITION

Quarter 2 was a meaningful period for PT EBARA Indonesia, filled with moments of learning, appreciation, collaboration, and new beginnings.

During this period, PT EBARA Indonesia held an Internal Training Session on SNI 141:2023 and the understanding of SNI and QMS, presented by the QA & QC Department. This activity supported the company's effort to strengthen employee awareness of standards, quality, and continuous improvement.

PT EBARA Indonesia also held farewell moments for Mr. Eisaku Onishi, President Director and General Manager Marketing, and Mr. Koshiro Kitagawa, General Manager Administration. These moments became an opportunity to express sincere appreciation for their dedication, leadership, support, and valuable contributions to the company.

In June, PT EBARA Indonesia welcomed visitors from EBARA Corporation for an SCM Strategy Sharing agenda, focusing on GS pump performance issues and productivity improvement progress. This visit became an important opportunity to strengthen communication, collaboration, and alignment between PT EBARA Indonesia and EBARA Corporation.

In this edition, PT EBARA Indonesia also warmly welcomes Mr. Haruki Komatsu as President Director. His presence marks a new beginning for the company, bringing new spirit, direction, and positive contribution to PT EBARA Indonesia's future development.

Through this Quarter 2 bulletin, we would like to share the highlights of these meaningful activities and moments. May this edition reflect the spirit of learning, teamwork, appreciation, and continuous growth within PT EBARA Indonesia.

INTERNAL TRAINING SESSION: SNI 141:2023 AND UNDERSTANDING SNI & QMS

In May, PT EBARA Indonesia held an Understanding & Awareness Training of SNI 141:2023 Centrifugal Water Pumps for Irrigation, presented by the QA & QC Department.

SNI (Indonesian National Standard) is a nationally established standard used as a reference for quality, safety, and product or process compliance in Indonesia.

QMS (Quality Management System) is a system that ensures those standards are implemented consistently through controlled processes and continuous improvement.

The training covered several key topics, including Factory Facility Audit, Product Performance Audit, and Management System Audit (ISO 9001:2015). This session aimed to improve participants' understanding in ensuring product quality and compliance with applicable standards.

The session also discussed the relationship between SNI and QMS. SNI defines the standards that must be achieved, while QMS ensures those standards are implemented consistently through controlled processes and continuous improvement.

The key points highlighted in this session included quality consistency, process control, and continuous improvement.

APPRECIATION AND FAREWELL MR. EISAKU ONISHI

In May, PT EBARA Indonesia held a farewell moment for Mr. Eisaku Onishi, President Director and General Manager Marketing of PT EBARA Indonesia.

This moment was held as an appreciation for his dedication, leadership, and valuable contribution during his time with PT EBARA Indonesia. Through his guidance and support, many company activities and processes were able to run well and bring positive impact to the organization.

PT EBARA Indonesia would like to express sincere gratitude to Mr. Eisaku Onishi for his commitment, hard work, and contribution. May the memories and experiences during his time at PT EBARA Indonesia remain meaningful, and may success always accompany him in his next journey.

Thank you for your dedication, leadership, and valuable contribution to PT EBARA Indonesia.

WELCOMING MR. HARUKI KOMATSU AS PRESIDENT DIRECTOR PT EBARA INDONESIA

PT EBARA Indonesia warmly welcomes Mr. Haruki Komatsu as President Director of PT EBARA Indonesia.

His presence marks a new beginning for the company, bringing new spirit, direction, and positive contribution to PT EBARA Indonesia's future development. With his experience and leadership, PT EBARA Indonesia is optimistic to continue strengthening collaboration, improving performance, and maintaining its commitment to providing the best products and services to customers and more align with EBARA Spirit.

Message from Mr. Haruki Komatsu

IT IS A GREAT HONOUR TO BE ASSIGNED AT PT EBARA INDONESIA.

I would like to extend my gratitude to Mr. Onishi for his incredible leadership, achievement, and the path we inherited.

Over a century, EBARA through its technology, has contributed to infrastructure and well-being of societies globally.

We, PT Ebara Indonesia, aim to be:

1. A leader in the RBS (Residential Building Services), CBS (Commercial Building Services), and Industrial market in Indonesia.
2. A global flagship casting base of Ebara Group.
3. A regional R&D (Research and Development) centre to cater to the rapidly evolving needs of our customers.

We, PT Ebara Indonesia, strive to contribute to the community and industry of Indonesia through our technology with passion and dedication. We appreciate your continuous guidance and support to EBARA."

Welcome, Mr. Haruki Komatsu. May his leadership bring new inspiration and support PT EBARA Indonesia's journey to continue growing and moving forward together.

EBARA CORPORATION VISIT: SUPPLY CHAIN MANAGEMENT STRATEGY

In June, PT EBARA Indonesia welcomed visitors from EBARA Corporation for an SCM Strategy Sharing agenda.

SCM Strategy (Supply Chain Management Strategy) is a supply chain management approach that manages procurement, production, storage, and distribution processes to run more effectively, efficiently, and in line with customer needs.

The purpose of this visit was to share SCM strategy and confirm the progress of several important items, including:

- GS pump performance issue, especially related to product and tester
- Productivity improvement progress

Through this agenda, PT EBARA Indonesia and EBARA Corporation had the opportunity to discuss the current progress, challenges, and possible actions to support operational improvement.

This visit also became an important opportunity to strengthen communication, collaboration, and alignment between PT EBARA Indonesia and EBARA Corporation, especially in supporting quality, productivity, and work process effectiveness.

APPRECIATION & FAREWELL MR. KOSHIRO KITAGAWA

In June, PT EBARA Indonesia also held a farewell moment for Mr. Koshiro Kitagawa, General Manager Administration of PT EBARA Indonesia.

During his time with the company, he provided valuable contribution, support, and guidance, especially in the administration area and internal management. His dedication and commitment have become an important part of PT EBARA Indonesia's journey.

PT EBARA Indonesia would like to express sincere appreciation and gratitude to Mr. Koshiro Kitagawa for his contribution and cooperation. May the memories during his time with PT EBARA Indonesia remain meaningful, and may he continue to achieve success in his next journey.

Thank you for your dedication, support, and valuable contribution to PT EBARA Indonesia.

Ahead  *Beyond*
